

DAS (R)EINE VOLK - FOLGT DER (R)EINHEIT!  
**(R)EINHEITSGEBOT #9**

ENGLISH TRANSLATION

Five hundred times, possibly even more, I have reported in my messages about the Sajaha and the **"Third SARGON"**, which she saw precisely in the present time, who will cleanse the world of all evil **completely**, and what is meant is: From really ALL evil! WHO the liberator of the few *"lonely righteous"* will be, of this I have long been aware, but the masses, in their self degenerating misconception, initially have no knowledge at all about the emerging avenger; the few, who think of themselves as *"awakened"*, think it is DJ Trump. Well, those half-knowing are not totally wrong, but they have either not properly studied the wise words of Sajaha, or cannot understand the studied according to the established, because Trump is only a game figure on a considerably large drama stage. As Trump coughs, it may interest those he calls *"FAKE MEDIA"*, but under no circumstances the really powerful. If the ONE coughs, the great one, it will thunder enormously in the box.

If we study verse number 12 in the **"Book of Sajaha"**, which is divided into three parts, we gain insight into the game manuscript of today's fictional outside world, the Matrix. The almost impossible all-evil was taken to the top from its stinking swamp, filling all the positions of the world stage, controlling it supra-regionally, worst face mattresses, like Angela Dorothea Kasner, having eaten the shit from the children raped and cruelly abused by their UNION group just a little while earlier, the next minute are already on the show stage, the boards, which are supposed to mean the world. Some people today know a thing or two about best mom, due to the very active victims of these incidents of rape at that time, that in the company construct "BRD/GERMANY" once prevailed. At Bewusst.TV the interested person can have a look at some factual reports of the organized evil or also here:

<https://www.extremnews.com/berichte/vermishtes/cdcc135d37aa5e5>.

One would have to only have to ask the *FOLLOW!* once, to want to recognize and identify the evil lurking inside on the outer canvas of the face of these performers. A Siggi, only to reach once in the example box, was operated on the vacuum. What research can achieve today! Just to fake a brain operation like this – now THAT level of impertinence is hard to imitate! Years ago, at the SPD party conference, the same Siggi still claimed: "We have no FEDERAL GOVERNMENT, we have Mrs. MERKEL as managing director of a new non-governmental organization in Germany. That is what she is." ... and another brain-dead person, Franz Müntefering, almost wet his panties with exuberant joy.

But, these cheap lackeys are still halfway reasonable in their ridiculousness. More run-down than ever before, the beast presents itself of this garbage and carrion stinking dump, Kasner. Her in the garden as a scarecrow, and the birds voluntarily would bring the fruits of the last three years back, you already get gray hair from fright. THAT, this miserable, decrepit brood, is a true **DEMONstration!** With a lot of effort the observer of her outer shell, can manage to not return through the esophagus what he ate a week ago, when the great horror of the FEDERAL REPUBLIC dares to be exposed to the public. In my opinion this requires a considerable portion of courage, one must clarify in a commendable way. Or, the representative of the **"children of the devil"** is not at all ashamed anymore. Figureheads of that type have never been so fine in this respect. Whether it is a JUSHUA FISCHBEIN, the Union90-green fatso, with his words against the Germans or HENOCH KOHN, who was chancellor of the children of the UNION/Israel and gained control over GERMAN, who refused the friendly offer by Putin return of the eastern territories, the bastard, who had caused Germany's descent into the abyss. But none of them, not all the puppets mentioned together, were as bad as the showpiece face of Satan on earth. Kasner is the mascot of all hell on earth!

The chief priestess of the hunter King Nebuchadarsur, Sajaha, saw all the emerging evil, certainly she must have been frightened during the look into the future of the zombie-like character Kasner and her unbelievable awful deeds, that's why she wrote her words so admonishingly. Verse 12 clearly shows the failure of the then king. Sajaha scolded the king harshly. In this way a holy

woman of our people carries herself, not crawling so far up the rulers ass, that his scales trickle out of his mouth! No, Sajaha called the child at the its name, the light-filled generation will still have to suffer under the false good-naturedness of their king. But the king only lamented that he had grown old, that he had already turned to the world to come, ...

THEN LET THE TASK OF THE DESTRUCTION OF THE "CHILDREN OF THE DEVIL" FOR OTHERS TO COMPLETE! It is as simple as that. Don't go and do something that you don't know anything about would have been my answer. I know people, who can fillet properly and also with the most miserable begging cries of their enemies, their pulse doesn't increase by any counter. And such professionals were present in the people at every epoch, so why did King Nebuchadarsur have to do work of that imperfection, under the consequences of which we have to suffer today in correspondence?

Do we suffer? **I don't!**

As I have already explained in writing on several occasions: **Suffering is definitely MERIT!** *Are these malicious perhaps the salvation of all of us?* Does the third SARGON grow to become an invincible omnipotence, just because of these disgusting Zionists, child fucker and child eaters, the lowest scum imaginable, opening our eyes to our awakening in the first place?

As little as I have anything against pure beings of our people, just as little I have anything against pure Jews, or against negroes, Asians... I am not at all interested in what skin color someone has, his soul is pure and this purity is what man has to follow like a light path in this world. A large number of the ones mentioned first are located in Haifa and its surroundings, for many years they have been our bright brothers and sisters there in Israel. I love them no less than my German brothers and sisters and would also give my life for them, if I had to protect them. THAT is brotherhood. Of these wonderful creators I would never speak derogatory at any time.

So maybe I should not do that with the above-mentioned Angela Dorothea Kasner either? Is Kasner not only mascot of the Zion gang in Israel, but also an elementary part of the awakening of sight and, as a follow-up effect, of her own change? Does anyone want to look SO extremely run-down, present themselves to the public at that level of UNperfection, clumsy and haphazard as a piece of wood, as an "exhibit" of a gang of gnomes? *How*, I already suspect the answer, *must the rabble in the background look when MERKEL is their pit chick?* The answer should scare us less, much more important is the state of all things, namely: **WHERE IS THE THIRD SARGON?**

Repetition trains our brain in the best possible way, and so lets get into it quickly. Perfection can not be learned, but it grows through spiritual maturity. So where are we in the vision of the Sajaha, how much longer will it take until ...?

14.Sajaha: The Third Sargon will come in a later time. He will destroy the servants of darkness with all its seed, he will pull out the evil with its root.

15 He shall know no mercy, neither shall he spare any of the enemies of the light: he shall show no mercy, to what kept quite. He will tolerate none, who do not recognize the greatness. He will oppress the lower kinds; he will slay all the sick souls. Of the worshipers of the evil spirit he will leave no trace on the earth.

16 The Third Sargon will be terrible against all that, which is hindering to the unfolding of pure light.

017 And he shall cleanse the world, and shall slay seven men out of ten, and destroy all that, which is false and everything, that bears the signs of the false.

18 He will be cruel against the dark.

23. The earthly world will be terrible then.

25. From the north [Germany] he will come; unexpectedly he will fall upon the earth living in poison, will shake everything with one blow - and his power will be invincible.

26. He will ask no one. He will know everything.

27 A multitude of upright men will be around him. The Third Sargon will give them the light, and they will shine upon the world.

Sajaha: Bad things will be. But nothing can avert it, and it will take its course. The poison thorn grows and scatters its caustic seeds near and far. Lies will make their way; lie overwhelms the world with poisonous arrows, more and more. The sun darkens its light from Chaldea to the base of the Midnight Mountain. But people don't notice it, they are blinded by the appearance of falsehood, by the reflection of gold, obtained by fraud.

Many good men fall, many cunning ones rise in their place. Schaddein's horrible breath turns most people's thoughts upside down. What is pure will descend, what is impure will rise. What was below, that will be above; evil and good change places. Drunk will be the people. Madness will rule the world. Parents lose their children, children disown their parents. Nobody hears the voices of the gods anymore - except the lonely righteous, who won't be worth anything in that time. The nations will no longer know their meaning. Armies will fight against their commanders. The kings will fall, and the temples will become dust. Wrong advise comes up, wrong advise will rule. All power will lie in the claws of the unworthy. This will reverse the world. Virtue will no longer be, but vice will be regarded as noble.

Men will associate with boys unpunished; women will no longer want to be women, but give themselves as men unpunished; men will mingle with animals unpunished and beget bastards. And the bastards of bastards will be countless in the streets of cities, without being destroyed. And the lowest will be raised to the highest by the servants of the evil spirit. And this spirit looks joyfully at all this from his Darkness. First the bad must come - and the even more terrible. Because the evil spirit itself will enter the earth in human form - idolized by all seedlings of evil. Everything that is bad will be considered good; everything that is good will be considered bad. Naughty lies they will call truth, and truth will not be in them. **Except in the lonely and righteous, longing for the Third Sargon, to whom they secretly have given their courage.**

From the trodden ground of Chaldea, the first spark of something new will come forth. He will ascend and fly to the sky, carried by hurried clouds, to the land of the north [Germany]. **Out of its maltreated earth rises the liberator, the avenger: The Third Sargon!** And from north and south the lonely righteous will then rise and become mighty and like a storm ignite the fire and bring it forward, that all evil burns everywhere, yes, everywhere.

Understand? Internalized? Certainty already sparked?

**WHO** could be the Third SARGON? It is as simple as it has been obvious for many years. "INVINCIBLE" ... "TO THEM, THE THIRD SARGON WILL GIVE **THE LIGHT...**" maybe **the LIFE - LIGHT !?** Surely you too will find the truth along with the light very soon, so

you...

And are you still of the opinion that a company named DEUTSCHES REICH should be revived, where there is only peace and love between the few remaining people on the planet? Simple structures, friendly and loving contact, this should be enough law of sole and light perfection, right?

"But...!" ... "But...!" ... "But...!" ...

No "But...!", it is in your hands to finally become active, to become active for perfection – THE LIGHT - on Irtha, not to doubt everything good all the time and especially do not wait until savior/liberator/ redeemer - this one above all not from the largest raiding and war nation of all times! - comes running along or, for my sake, also flying along, to lift the little child "DEUTSCH" from his wide-sat couch, paying the stupid, lazy pack some senseless GESARA, as this idiot claims, and if possible licking asses clean after pooping!

Innocent alone are the animals, birds, fish and plants, basta.  
These are therefore sacred, period.  
No further discussion.

And again: "*But the primitive people ...*" ... "*But the pets need animal food...*"

Really? Are you really serious? Which primitive people had to take part in the murder of the life? Which primitive people survived the contradiction against cosmic law? As our bright brother Ragnar reported yesterday the Eskimo people are decreasing rapidly, year after year. Soon the murderers of our loving whales will no longer be with us - away with the ones resisting cosmic law!

And to the second question: In Austria lives an old tanner master, who learned his honorable noble craft from his grandfather in the fifties. They run an animal sanctuary, since the early 19th century. Thousands of animals live there in peace with each other, stand summer and winter on the pastures, having adapted with a thick fur . Whether cattle, goats, horses, sheep, even llamas, the old Sepp has it up there, he was always doing well, because he was and is a good father to everyone during his lifetime. His four sons make the impossible possible together with their bright wives, from the morning hour at 4 o'clock, rarely they fall into bed before 10pm in the evening. There is much to do for the nine of the family. With so many animals, mainly old, a few fall down every day, pass peacefully into the new world. Nothing is wasted at tanner Sepp. He gives the muscular meat of the animals to the feed industry - several tons every day or so he wrote to me only in October, five days a week the truck comes and gets the animal carcasses. Sepp removes the skin of the animals before they get picked up, to make from it his sought after leather and coveted skins for sale. 7-8 mm thick, but very soft leather, which is a dream for most saddlers, something so fine and rare the saddlers cannot get for chinese dumping prices. Alone from the two sources of income the family lives since 200 years, in the sense of nature, without wasting, without killing an animal, without contradicting the cosmic law in any way. WITH nature, in peace and perfection. Who would still think, that there is no way out of the deadlocked situation?

We are the holy glistening light, that the Third SARGON gave us, lets never allow it to go out!

In Liebe und Verbundenheit,
